

CLARK TOWNSHIP MASTER PLAN

November 2008

Table of Contents

CHAPTER 1 - THE PLANNING PROCESS	1-1
Purpose of the Plan	1-1
How to Use the Plan	1-3
Review of rezonings, variances, and special use permits	1-3
Public improvement projects	1-3
Review of land subdivision and lot splits	1-4
Township stability	1-4
How the Plan was Prepared	1-4
CHAPTER 2 - COMMUNITY PROFILE	2-1
Introduction	2-1
Spatial Location	2-1
Demographics	2-2
Economy	2-8
CHAPTER 3 - NATURAL FEATURES	3-1
Introduction	3-1
Coastal and Surface Water Resources	3-1
Topography	3-2
Geology	3-2
Soils	3-5
Drinking Water Resources	3-6
Wetlands and Drainage Ways	3-8
Vegetative Cover	3-10
Environmental Quality Issues	3-10
Pollutants	3-12
Soil Erosion	3-13
Toxic Substances	3-13
Alteration of Natural Processes	3-14
Human Intervention	3-15
Act 307 Sites	3-16

CHAPTER 4 - PUBLIC SERVICES, FACILITIES AND TRANSPORTATION	4-1
Introduction	4-1
Sewage Treatment	4-1
Public Service Districts	4-4
Existing, Expanded and Future Service Districts	4-4
Rural Service Districts	4-6
Island Service Districts	4-8
Potable Water	4-8
Stormwater Management	4-9
Electric Power	4-10
Emergency Services	4-10
Recreational and Cultural Facilities	4-10
Transportation	4-15
Township Airport	4-18
Other Access Points	4-18
CHAPTER 5 - COMMUNITY GOALS, OBJECTIVES AND POLICIES	5-1
Introduction	5-1
A Vision of the Les Cheneaux Area	5-1
The Purpose of Goals and Objectives	5-3
Defining Goals	5-3
Defining Objectives	5-4
Economic Development	5-4
Land Use	5-5
Community Character	5-7
Environmental Protection and Natural Resources	5-9
Community Services and Infrastructure	5-11
Housing	5-12
Social Needs	5-13
Public Safety	5-13
Recreational and Cultural Opportunities	5-14
The Waters of Les Cheneaux	5-17
Wind Turbine Generators	5-17

Chapter 6 - EXISTING AND FUTURE LAND USE AND POLICY STATEMENTS	6-1
Introduction	6-1
Land Fragmentation	6-2
Land Cover	6-4
Existing Land Use	6-4
Future Land Use	6-7
Future Land Use Map	6-10
Rural/Forest Land Use	6-12
Island Residential	6-13
Waterfront Residential	6-16
Urban Residential	6-17
Commercial Services	6-19
Industrial and Mineral Extraction Activities	6-22
Zoning Implementation	6-23
Policy Statements	6-24
Land Use	6-26
Rural/Open Space	6-30
Single Family Residential (Public Sewer Services District)	6-32
Waterfront Residential	6-33
Island Residential	6-34
Commercial/Industrial Development	6-35
Transportation	6-37
Water Resources	6-38
Shorelines	6-38
Wind Turbine Generators	6-39

Chapter 7 - STRATEGIES FOR IMPLEMENTATION	7-1
Primary Implementation Tools	7-1
Relationship to Zoning	7-1
Relationship to Plans/Zoning in Adjacent Jurisdictions	7-2
Relationship to Subdivision Regulations	7-2
Relationship to Capital Improvements	7-2
Land Use & Infrastructure Policies	7-3
Community Participation and Education	7-3
Additional Recommendations	7-4
Other Planning & Economic Development Assistance	7-4
Pro-Business Alliance or Downtown Development Authority	7-4
Public Open Space Acquisition	7-5
Periodic Updating and Revisions	7-5
Managing Growth and Change	7-6
Revision of Ordinances	7-6
Recommended Zoning Ordinance Amendments	7-7
MAPS	
Map 3.1 Topography	3-3
Map 3.2 Bedrock	3-4
Map 3.3 General Soils	3-7
Map 3.4 Wetlands	3-9
Map 3.5 Forest Cover	3-11
Map 4.1 Public Service Districts	4-3
Map 4.2 Septic Sytem Limitations	4-7
Map 4.3 Recreational & Community Facilities	4-12
Map 4.4 Traffic Counts	4-14
Map 4.5 Existing Transportation Conditions	4-17
Map 6.1 Existing Land Use	6-6
Map 6.2 Future Land Use	6-11
